Additional Information About This Loan

Loan Disclosures

Assumption

If you sell or transfer this property to another person, your lender will allow, under certain conditions, this person to assume this loan on the original terms.

X will not allow assumption of this loan on the original terms.

Demand Feature

Your loan

☐ has a demand feature, which permits your lender to require early repayment of the loan. You should review your note for details.

X does not have a demand feature.

Late Payment

If your payment is more than 15 days late, your lender will charge a late fee of 5% of the monthly principal and interest payment.

Negative Amortization (Increase in Loan Amount)

Under your loan terms, you

- ☐ are scheduled to make monthly payments that do not pay all of the interest due that month. As a result, your loan amount will increase (negatively amortize), and your loan amount will likely become larger than your original loan amount. Increases in your loan amount lower the equity you have in this property.
- may have monthly payments that do not pay all of the interest due that month. If you do, your loan amount will increase (negatively amortize), and, as a result, your loan amount may become larger than your original loan amount. Increases in your loan amount lower the equity you have in this property.
- **X** do not have a negative amortization feature.

Partial Payments

Your lender

- may accept payments that are less than the full amount due (partial payments) and apply them to your loan.
- $\ \square$ may hold them in a separate account until you pay the rest of the payment, and then apply the full payment to your loan.
- \square does not accept any partial payments.

If this loan is sold, your new lender may have a different policy.

Security Interest

You are granting a security interest in 456 Somewhere Ave., Anytown, ST 12345

You may lose this property if you do not make your payments or satisfy other obligations for this loan.

Escrow Account

For now, your loan

will have an escrow account (also called an "impound" or "trust" account) to pay the property costs listed below. Without an escrow account, you would pay them directly, possibly in one or two large payments a year. Your lender may be liable for penalties and interest for failing to make a payment.

Escrow		
Escrowed Property Costs over Year 1	\$2,473.56	Estimated total amount over year 1 for your escrowed property costs: Homeowner's Insurance Property Taxes
Non-Escrowed Property Costs over Year 1	\$1,800.00	Estimated total amount over year 1 for your non-escrowed property costs: Homeowner's Association Dues You may have other property costs.
Initial Escrow Payment	\$412.25	A cushion for the escrow account you pay at closing. See Section G on page 2.
Monthly Escrow Payment	\$206.13	The amount included in your total monthly payment.

□ will not have an escrow account because □ you declined it □ your lender does not offer one. You must directly pay your property costs, such as taxes and homeowner's insurance. Contact your lender to ask if your loan can have an escrow account.

No Escrow	
Estimated Property Costs over Year 1	Estimated total amount over year 1. You must pay these costs directly, possibly in one or two large payments a year.
Escrow Waiver Fee	

In the future,

Your property costs may change and, as a result, your escrow payment may change. You may be able to cancel your escrow account, but if you do, you must pay your property costs directly. If you fail to pay your property taxes, your state or local government may (1) impose fines and penalties or (2) place a tax lien on this property. If you fail to pay any of your property costs, your lender may (1) add the amounts to your loan balance, (2) add an escrow account to your loan, or (3) require you to pay for property insurance that the lender buys on your behalf, which likely would cost more and provide fewer benefits than what you could buy on your own.

For Your Protection: Get a Home Inspection

Why a Buyer Needs a Home Inspection

A home inspection gives the buyer more detailed information about the overall condition of the home prior to purchase. In a home inspection, a qualified inspector takes an in-depth, unbiased look at your potential new home to:

Evaluate the physical condition: structure, construction, and mechanical systems; Identify items that need to be repaired or replaced; and Estimate the remaining useful life of the major systems, equipment, structure, and finishes.

You Must Ask for a Home Inspection

A home inspection will only occur if you arrange for one. FHA does not perform a home inspection.

Decide early. You may be able to make your contract contingent on the results of the inspection.

Appraisals are Different from Home Inspections

An appraisal is different from a home inspection and does not replace a home inspection. Appraisals estimate the value of the property for lenders. An appraisal is required to ensure the property is marketable. Home inspections evaluate the condition of the home for buyers.

FHA Does Not Guarantee the Value or Condition of your Potential New Home

If you find problems with your new home after closing, FHA cannot give or lend you money for repairs, and FHA cannot buy the home back from you. Ask a qualified home inspector to inspect your potential new home and give you the information you need to make a wise decision.

Radon Gas Testing and other safety/health issues

The United States Environmental Protection Agency and the Surgeon General of the United States have recommended that all houses should be tested for radon. For more information on radon testing, call the toll-free National Radon Information Line at 1-800-SOS-Radon or 1-800-767-7236.

Ask your home inspector about additional health and safety tests that may be relevant for your home.

Be an Informed Buyer

It is your responsibility to be an informed buyer. You have the right to carefully examine your potential new home with a qualified home inspector. To find a qualified home inspector ask for references from friends, realtors, local licensing authorities and organizations that qualify and test home inspectors.
